The skin's natural regeneration cycle is 28 days. Over time, the quality and rhythm of this cycle are disturbed, increasing visible signs of ageing.

Our exclusive patented technology, RGNA28, is a biomimetic that protects, organises and restarts the natural tissue regeneration process, helping your skin return to its optimal rhythm. Our anti-ageing skincare range has been formulated to be the most efficient possible, avoiding any potentially harmful ingredients for your skin.

AromaCare, the Scents of your Well-being

The story begins in 2013 when Dr. Gire, head of the neonatology dpt of the Hôpital Nord in Marseille, called on Laurent Moy, a Ph.D. in chemistry and research at the Laboratoires Pierre Fabre, to diffuse the scent of breast milk and vanilla, which reduced the perception of pain in newborns by 50%. Aroma Therapeutics provides capsules for aromatherapy & well-being sessions in rooms, spas, hotels and beauty expériences.

BRIOCHIN'S French brand was created in 1919 in Brittany (St Brieuc) by Renaud Raoul. At that time, the company was making high quality cleaning products dedicated to professionals. This know-how was the beginning of a long high quality soap tradition that extended to the general public in the 1990s. Briochin's reputation grew quickly with products recognized as original and full of common sense.

Almost one century after its creation, Briochin's mission is still to promote the French craftsman's know how with effective and natural products. Briochin, the soap specialist, is covering the global wellness to take care of yourself and your home !
