

Get Set For Cosmoprof North America

Breaking News

Everything you need to prepare to navigate the show.

08.24.21

If you're getting ready to travel to Las Vegas, be prepared before you arrive by downloading the **Cosmoprof** North America 2021 Show App, where you'll find exhibitor lists, maps, conference schedules and more. It's available on the app store and Google Play. And don't forget a mask—they will be required for everyone while indoors at any establishment in Las Vegas, as mandated by the state of Nevada.

Other safety measures in place will include monitoring exhibit hall capacity to allow for physical distancing, enhanced sanitation protocols for high-touch surfaces, touchless check-in, and plenty of sanitizer stations throughout the show.

The CPNA show will once again be divided into three key areas—Cosmetics & Personal Care, Cosmopack, and Professional Beauty. The large Cosmopack area is unprecedented in North America. Walk through this section to take your next product or brand from concept to creation. You'll find suppliers that are experts in providing raw materials and ingredients, private label and contract manufacturing, primary and secondary packaging, machinery, and more solutions for the beauty industry.

See the CPNA website for more details. Use our promo code if you haven't registered yet to save 30%—2021BEAUTYP.
